### **EXAMINER'S AMENDMENT**

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on March 26, 2007, George Brieger requested an extension of time for One MONTH(S) and authorized the Director to charge Deposit Account No. 15-0700 the required fee of \$450.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

### **IN THE CLAIMS**

Cancel claims 1-5.

2. The following is an examiner's statement of reasons for allowance: The amendment filed March 19, 2007, amended claim 6 to clarify that the control section comprises a server controlling a driving operation for the endoscope by executing external application software. Uchikubo (U.S. Pat. 6,602,185) does not disclose or suggest controlling the driving operation for the endoscope by executing external application software, let alone, the transmission from an external source of application software capable of controlling the endoscope. Since none of the

prior art of record explicitly teach or fairly suggest, alone or in combination, all the features in claim 6, this claim is allowable over the prior art of record. Claims 9 and 13 were amended accordingly to also include the feature discussed above, and in view of this feature, in combination with all other features in these claims, these claims are allowable for the reasons set forth above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
